THIRTEEN NEGRO RIOTERS

Hanged at Fort Houston—Were Soldiers Who Took Part in a Mutiny—President's Approval Not Even Required, As Commander Has Authority to Order Such Punishment in Time of War.

San Antonio, Texas, December 11.—Thirteen Negroes were hanged at Fort Sam Houston at 7:17 o'clock this morning for complicity in the riot at Houston August 23.

The announcement of action on the court-martial's verdict was made at Southern department headquarters at 9 o'clock by the chief of staff, who also gave out a formal statement in which the names of the men sentenced to life imprisonment were given.

Only army officers and Sheriff John Tobin, of Bexar county were present when the sentence was carried out by soldiers from the post.

No newspaper men or civilian spectators were allowed, the time and place of execution having been kept a secret.

Of the sixty-three men tried by the same court-martial, forty-one were sentenced to life imprisonment. One man was sentenced to dishonorable discharge from the army, forfeiture of all day and allowances and to be confined at hard labor for two and a half years. Three were sentenced to be dishonorably discharged from the army, forfeit all pay and allowances and be confined at hard labor for two years. Five were acquitted.

Mr. and Mrs. John Everett have returned home from a short stay at French Lick, Ind.

CHAMBER OF COMMERCE

Transacts Much Business at Meeting of Board of Directors Held Monday Night—High Class Language Practically Assured For Next Year.

The first meeting of the new officers and directors of the Chamber of Commerce was held at the offices on Monday evening.

Several communications pertaining to the river transportation situation were read and upon motion, the secretary was instructed to answer them, stating that while he shipped only a limited amount of freight by boat we were heartily in favor of the resumption of river transportation and would lend whatever assistance we could toward successfully re-establishing this transportation factor.

Acting upon a suggestion, the Board of Directors instructed the secretary to communicate with the local order of Eagles and extend an invitation to their National President, who is to pay them a visit in January, to meet our members at the Chamber of Commerce. Not often are we favored with so notable a personage and it is the intention that Maysville make just as favorable impression on him as is possible.

Several matters pertaining to both the future activities and finances were discussed. The new directorate expressed itself as being highly pleased with the excellent condition in which the retiring directorate transferred the affairs of the organization.

Upon motion, the following applicants were elected to membership in the Chamber of Commerce, Messrs. Giles Rice, L. H. Smoot, W. F. Steele, Simon Clarkson, J. H. Clarke, Jr., and J. L. Glascock.

Mr. T. M. Corneillon of the Colt-Alber Chautauqua Bureau, was present and given a hearing relative to purchasing a Chautauqua for Maysville for the coming season. After some discussion, the secretary was instructed to wait upon our business men and if fifty guarantors could be obtained, the Chamber of Commerce would contract with the Colt-Alber Bureau to furnish the Chautauquin for the coming season.

The Colt-Alber Bureau, of Cleveland, Ohio, comes to us very highly recommended, in fact one of our citizens expressed his opinion that this bureau furnished the best talent for the High School lyceum course. Such men as Irvin Cobb, Lieut. Peat and wife, Allied or Kildes Band, Adrian, one of Burbank's men, a good male quartet, stringed musical number and "The Melting Pot", a patriotic play with about fifteen in the cast are likely numbers. We understand that Mr. Corneillon and Secretary Dodds met with a most excellent surprise for guarantors.

ALL-DAY SEWING

To Be Held Thursday By Ladies of the Woman's Club—Will Make Comfort Kits For the Soldiers.

At the board meeting of the Woman's Club it was decided to call a meeting Thursday, December 13, at 9 o'clock for an all day sewing, to make Comfort Kits for Christmas gifts, for those Kentucky boys at Camp Taylor, who would not otherwise be remembered.

Every member of the Woman's Club will surely be patriotic enough to devote some of her time to making happier a soldier on Christmas day. If you can't come all day come in the morning or in the afternoon.

Any member who finds it impossible to come, may make one of these kits at home as per directions printed below, and send it in to the Club Room on Thursday and it will be sent along.

Any one who desires to send any small extra gift may bring or send it to the Club. These kits must be shipped by the 15th so there can be no delay. Lay aside if necessary your personal Christmas preparations and give this much of your time to one of Uncle Sam's boys.

Comfort Kit to be Made by Woman's Club for Soldiers

The kit is made of khaki cloth, 13 inches long, 7 1/2 inches wide when finished. It has 6 pockets 3 1/2 inches deep by 2 1/2 inches wide. A top flap folds over the pockets and covers the contents of the kit. Red tape 20 inches long sewed on the back of the center pocket ties the kit when rolled up.

A pair of blunt seissors 4 inches long, No. 1 or 2 needles wrapped in wax paper, a thimble, assortment of safety pins, 3 cards holding heavy khaki, black and white thread, 2 safety pins strung with khaki buttons complete the outfit.

STREET FIGHTING

In Starving Moscow—Meager Reports Indicate Bolsheviks Are Having Trouble Holding City and Machine Guns are Placed.

London, December 11.—Street fighting has occurred in Moscow and the Swedish consul there has advised all Swedes to leave the city, according to a dispatch received in Harparanda and forwarded by the Stockholm correspondent of the Morning Post.

It is added that starvation seems to threaten Moscow. Most of the Swedes there are said to have taken the consul's advice.

Meager reports indicate that the Bolsheviks are meeting with difficulty in maintaining control of Moscow. The situation is reported grave with the Bolsheviks garrison refusing to obey its commander, who has ordered machine guns placed in the streets in anticipation of an uprising.

A Copenhagen dispatch says that the Bolsheviks have ordered troops from the Caucasus to put down General Kaledines, Korniloff and Duloff, while from London it is reported large forces are being sent from the Baltic-Black Sea front in the Ukraine and Cossack provinces.

The Bolshevik government controls virtually all the direct means of communication with the interior of Russia.

MAKING OF WAR BREAD TO BE DEMONSTRATED

The attention of the women and girls of the city and county is called to a demonstration of the cooking of war bread which will be held at the high school at 2 o'clock Thursday of this week. Mrs. Eloise M. Graves, of Lexington, will be present and conduct the demonstration and give a talk on methods and recipes.

This is a work of vital interest to all housekeepers, and an intelligent way of aiding in the conservation of food, and the ladies of the city and county should make an extra effort to be present. Don't let the cold keep you at home. Remember that it's a mighty lot colder in the trenches "somewhere in France."

RUSSIA'S LESSON

The Russian revolution must run its course, like any other epidemic. And from present indication, it's making rapid progress. The disease is curing itself.

Russia is beginning to suffer from a scarcity of food, fuel and other necessities of life. There is plenty of food in Russia. There is plenty of fuel. There is plenty of clothing, or materials for clothing. There is plenty of raw material for making nearly all the accustomed commodities. There is plenty of labor. There is the same old outfit of tools and factories. There are the same railroads and other transportation facilities. But somehow the system has broken down. Things are not being produced and distributed as usual.

That is the only trouble that mars the Russians' native joy in their revolution. But it is a serious trouble. And sooner or later they'll understand what it means. They are beginning to understand already.

It's all very fine, in theory, to declare absolute equality of all men, and act on that principle to the radical extent of abolishing rank, authority and capital. It's all very well to put land, industries and other forms of wealth in the hands of the masses, and turn the experts out of their jobs, as the American I. W. W. have long wanted to do.

But somehow, when ignorant amateurs are put in charge of everything, things don't go on as before. The factories don't produce as usual. The railroads don't run as usual. The economic machinery slows up. And after a while, when the people get sufficiently hungry and cold and miserable, they acquire a new comprehension of the uses of authority, of government, of trained managerial minds in all departments of life.

And they are likely to find, when they come to their senses, that orderly administration by men of superior experience and ability is not at all incompatible with democratic freedom. The only essential thing is to have the ablest minds representing the nation, and work for the public welfare instead of their own selfish interests.

Russia will yet learn this lesson. She may learn it sooner than the world expects. The Bolsheviks are—in a quite unintentional manner—admirable teachers.

PRIORITY SHIPMENTS

Much confusion was caused by the original announcement that the government intended placing an embargo on the shipment of "nonessential products." Also much discontent. It was recognized that the purpose was legitimate—the government wanted to end the railroad blockade and insure the prompt movement of commodities needed for the war and for the fundamental needs of the public. But what are "nonessentials?"

A list aiming at completeness might run into thousands of items, and few men would agree on half of them. Any prohibited list would arouse endless controversy and bitterness. It might hinder important manufactures, and operate as a sort of blacklist arbitrarily checking the public demand for legitimate commodities.

The government has wisely withdrawn its tentative list of non-essentials and has decided to tackle the problem from the other end. It is now concentrating its attention on the essentials, and letting the rest take care of themselves. That is a much wiser way, because the big essentials are so much fewer in number that they are more easily dealt with, and because this positive method is fairer to all concerned.

It makes no invidious distinction by pointing out chewing gum or jewelry or plate glass or porch swings or inlaid furniture or anything else as a nonessential, for whose manufacture no coal must be delivered, or for whose transportation no cars must be provided. It simply states that priority or precedence in supplying fuel or railroad cars must be given to government supplies, food, household needs, public utilities, munition plants, steel plants, etc. And after the few primary requisites are taken care of, the fuel administration and the priority board will extend the list according to their best judgment.

At best, many industries will suffer, and great numbers of consumers will be inconvenienced. But there would be a far greater total of suffering and inconvenience if the government did not adopt some such method of preferential shipping. Everybody concerned should acquiesce as cheerfully as possible. At a time like this, we cannot expect "business as usual." War is our business, and everything must be adjusted on a war basis.

A REFORMED ZEITUNG

It rather startles one to run across this quotation from an editorial in the Chicago States-Zeitung.

"The world-dominating schemes of these (German) rulers brought on the war, and President Wilson's aim is to win the war so thoroughly that the peace of the world cannot again be destroyed by ambitious, ruthless statesmen. The people rejoice to be told again the lofty aims of America, which are divorced from thoughts of territorial or commercial gain."

The tone and matter are amazingly different from past utterances of this particular German-American newspaper, and most of its kind.

The unhyphenated press is willing to forgive the past and welcome all the Zeitungs and Herolds and Blatts to patriotic brotherhood, if their repentance is sincere. At the same time, we can't forbear reminding them that if they had only printed this sort of truth three years ago—or even one year ago—we might have been saved from the war.

It was largely their encouragement which led the German government to the evil course that forced us in. It will take a long period of loyal service to the United States to make up for the harm they have done.

PROFESSORS IN POWER

College professors at the helm of state seems to be the fashion. Count Von Hertling, the new German chancellor, professor of philosophy at Bonn. Vittorio Orlando, the premier, was a professor of law in Sicily. Paul Painlevé, premier, was professor of mechanics at the Sorbonne. There are several important war points at Washington.

ODD AND INTERESTING

More than one thousand divorces were granted in Kansas City last year.

A single factory in Michigan produced 150 carloads of sawn lumber this season.

The excess profits duty in Great Britain has yielded nearly \$500,000,000 this year.

Black pearls are the most valuable, then pink, next in value white, and lastly yellow.

The most expensive chair in the world belongs to the Pope. It is of solid silver and cost \$100,000.

The rarest and most expensive gold fish in the world is the Chinese brush-tail, a pair of which sell for \$1500.

For the first time in its history the Philadelphia Mint has been doing Sunday work to meet the extraordinary demand for small coins.

On the voyage that led to the discovery of the New World Columbus' salary was \$300 a year, while the pay of his sailors was \$2.50 a month.

Bavaria has produced a motion picture film depicting incidents of her mad King Ludwig's erratic career in the actual scenes of their enactment and incidentally made Ludwig a "movie" star.

The inhabitants of Mesopotamia have customs in the disposal of their dead. The corpse is carried to the grave dressed in ordinary clothes, with the face uncovered. Bodies are buried in shallow graves, and after a period dug up again, the bones being collected into a white linen bag and deposited in small buildings.

GREAT GOVERNMENT STEEL SHIP-BUILDING PLANT IS COMPLETED IN 26 DAYS

Washington, December 10—Virtual completion of one of the government's three great fabricating steel merchant ship plants within seventy-six days' time was reported today to the Shipping Board. The yard erected at Newark Bay by the submarine coast corporation will lay the keels of three ships before the first of the year. Chairman Harney, of the board, accepted an invitation today to drive the first rivet December 17 in the first ship laid down.

The plant has 3,000 men at work and expects to have five times that number on construction shortly after the first of the year. Housing facilities already have been provided.

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today, none other is recommended like Doan's Kidney Pills. Forty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 40,000 tongues sound glad tidings to any Maysville sufferer who wants relief from kidney and bladder ills. Here's a Maysville case. Don't experiment. Use the remedy endorsed by people you know.

John J. Bramel, bookkeeper, Walnut street, Maysville, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chanlor's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 50c all stores. THE VIOLET

The violet blue, I love her, don't you?

With her beams of bright green, she can always be seen.

You go to the orchard and you think you're alone;

But you will soon find its violets home.

You go to the orchard for apples so red,

And there is the violet a few steps ahead.

You go to your room and sit for awhile

And the sweet little violet looks up with a smile.

From a bowl on the table close

In this beautiful world of Triumphs and trials

The dear little violet is always worth while.

So pause, don't o'er look her

For flowers of more brilliant hues

But think of the sweet shady nook

Shes unobtrusive.

And believe me she's always true blue.

SHORTAGE OF GAS CAUSES SUFFERING AT KENTUCKY'S CAPITAL—MAN FROZEN

Frankfort, Ky., December 9—Robert Flynn, 50 years old, a resident of Franklin County, frozen to death last night. He was found near Black's Pond, frozen stiff, today. He missed his road during the blinding snowstorm last night on his way to Taylorton.

Suffering and inconvenience almost indescribable have resulted from the shortage of gas. Natural gas was piped here two years ago and has been installed in a majority of the homes. It was not sufficient today either for heating or cooking.

Residences have been deserted by families, who have congregated in many instances at their neighbors' houses to keep warm. This condition prevails with the thermometer 8 degrees below zero.

TODAY! Ice Brady in Tangled Fa

Mary Pickford's picture, "The Little Princess", from the story by Frances Hodgson Burnett, which will be seen at the Washington on Friday, February 13, is a reminder that Christmas is coming and that the well known shopping for the children must soon commence. Christmas trees, roast turkeys, presents, dolls and candy figure prominently in the incidents of the story. When the Christmas tree is decorated in Miss Minchin's London boarding school, Mary Pickford as Sara Crewe is enacting the humble role of maid-of-all-work at the establishment, having been relegated to that position from that of one of the well cared for pupils when her father died and left her penniless. The story turns out all right.

HAVE YOU DONATED?

The Camp Taylor Christmas Cheer Fund Will Close in a Few Days—Help To Make the Boys in Camp Happy.

Word comes from Camp Zachary Taylor that about fifty per cent. of the boys in the camp will be given furloughs for the Christmas holidays. But what about the other fifty per cent? Will they enjoy their Christmas?

The Public Ledger is now accepting donations to make the boys at Camp Taylor feel that the folks back home have not forgotten them. Any money contributed will be sent to the Courier-Journal, Louisville, to be expended for gifts to be given to the Mason county boys who are now preparing to fight for our country. The following contributions have been received to date:

J. Harbour Russell	5.00
Public Ledger	5.00
W. D. Cochran	5.00
Mrs. M. C. Russell	2.50
Mrs. J. Barbour Russell	2.50

TOBACCO SALES TODAY

As there is a small amount of tobacco at several of the Maysville warehouses sales will be held this morning beginning at 9 o'clock at the Home Warehouse, after which it will be decided whether or not it is advisable to have sales for the rest of the week. Very little tobacco is being brought in, the weather being so cold.

DeBERRY ENLISTS

Herman DeBerry, extra catcher last season for the Cleveland American League club, advised Manager Lee Fohl yesterday that he had enlisted in the navy as an apprentice seaman. DeBerry has many friends here, having formerly been first catcher for the Maysville team in the old Ohio State League.

Lieutenant Douglas Newell leaves this afternoon on No. 2 to report to his command at Charlotte, N. C.

HEAVY REINFORCEMENTS

Now Being Thrown Into France By Germans—Allies Don't Know Where Blow Will Fall.

New York, December 11—Heavy German reinforcements have arrived in France, it is believed in allied capitals, but where the expected blow will fall is yet to be disclosed.

For the moment the infantry is inactive along the western front, but the artillery and especially that of the Germans is very active in various sectors.

On the British front, the Germans are bombarding heavily the positions southwest of Cambrai and east and northeast of Ypres, the two sectors which have seen virtually all the heavy fighting in the past few months. From St. Quentin to the Swiss border, Paris reports great enemy artillery activity between the Oise and the Aisne, in the Champagne, northeast of Verdun and in upper Alsace.

The British and French cannon are replying in kind against the German positions.

The heavy German artillery fire may mean that the Germans are attempting to find a weak point, and it may be only for the purpose of drawing allied attention to one spot, while the troops from the Russian front are massed for a strong effort on a hitherto quiet sector.

Strong local German attacks on the right bank of the Meuse, northeast of Verdun, have been repulsed by the French, who took prisoners.

Infantry fighting has stopped momentarily at least, on the Italian front from Asiago to the Piave river.

The Austro-German efforts to break through between the Piave and the Brenta failed with losses.

The enemy then reformed his shattered forces and attempted to break through between Asiago and the Piave. He failed again.

The Austro-Germans captured some territory, but without improving their tactical positions and at a heavy cost.

UNPATRIOTIC REMARKS

Made By Mr. Henry Eppensteiner, Aged German Citizen, in Allegation—Investigation Being Made.

Mr. Henry Eppensteiner, an aged German citizen who resides on Forest avenue, was brought before County Attorney W. H. Rees yesterday for investigation of alleged disloyal remarks made by him in regard to the recent registration of women and other matters pertaining to the affairs of the nation.

Mr. Eppensteiner denied all of the allegations made as to his unpatriotic utterances and said that he had at no time defended Germany or any of its acts of warfare.

Several witnesses who brought the matter to the attention of County Attorney Rees will be examined today. This is the first case of this kind made public in Mason county since the war started.

CONDITION IMPROVED

The many friends of Miss Mary Clarke, who was stricken with paralysis at her home on Front street Sunday, will be glad to know that she is slightly improved and is now able to speak.

Mr. James Threlkeld, who has been seriously ill with typhoid fever, is convalescing rapidly and will probably be home for Christmas.

The Three Link Sewing Society will have its bazaar Friday and Saturday at the Ryder Paint Store on Market street.

Tired, Nervous Housewife Took Vinol

Now She is Strong and Well

Berkeley, Cal.—"I was nervous, irritable, no appetite, could not sleep, and was always tired, so my housework was a great effort. After many other medicines had failed Vinol built me up and made me strong. I have a good appetite and sleep well. Very nervous, weak, ailing woman could try it."—Mrs. N. Edmunds, 207 Dwight Way, Berkeley, Cal.

We ask every nervous, weak, run-down, ailing woman in this town to try this cod liver and iron tonic on our guarantee to return their money if it fails to help them.
